

FIRE & SMOKE REMEDIATION
Quick, Responsive Methodologies

MINIMIZING STRUCTURAL DAMAGE

Fire and smoke damage can be devastating and requires more service and expertise than an ordinary contractor or house cleaner can provide. With years of experience, RCM has the experience to restore valuable property and items back to pre-loss condition.

Fire & Smoke Related Services:

- Corrosion Control
- Ozone Treatment
- Document Restoration
- Contents Pack-out
- Odor & Soot Removal

GAINING CONTROL OF THE SITUATION

Emergency response teams are available 24 hours a day, 7 days a week. Upon arrival, RCM's certified experts will perform a thorough inspection of damaged property and determine the best and most cost effective cleaning process for the situation. RCM then selects the proper tools and equipment to conduct our 5-step cleaning process based on time, temperature, volume, chemical and mechanical methods.

Reducing Secondary Damage

A light coating of soot could be permanently embedded by improper cleaning. RCM's highly trained team members are the best in the industry and have the capability to restore commercial, residential, or industrial properties following a fire or smoke related incident.
