

**WATER DAMAGE RESTORATION**  
Quick, Responsive Methodologies

**MINIMIZING STRUCTURAL DAMAGE**

When minutes matter, the experts at RMC know the immediate steps to take to mitigate costly and dangerous water damage and restore our clients valuable property back to pre-loss condition.

**GAINING CONTROL OF THE SITUATION**

Emergency response teams are available 24 hours a day, perform a thorough inspection of damaged property and determine the level of water contamination using state-of-the-art, moisture-detection equipment. RMC then works to extract the water from the scene with expedite the drying process.

**Water Damage Services:**

- Water Extraction
- Structural Drying
- Dessicant Dehumidification
- Thermal Imaging Analysis

**Reducing Secondary Water Damage**

Our teams minimize secondary moisture problems by isolating and protecting the unaffected areas of damaged structures and property. Effective techniques like quick and effective drying procedures inhibit the growth of mold, mildew, bacteria and other harmful pathogens.
