

ENVIRONMENTAL REMEDIATION

Quick, Responsive Methodologies

MINIMIZING STRUCTURAL DAMAGE

When you have a dangerous or hazardous environment it is important to work with a company dedicated to both safety and cutting edge techniques and technology. RMC's team is ready to get your property secure, and back to its previous condition.

GAINING CONTROL OF THE SITUATION

Emergency response teams are available 24 hours a day, 7 days a week. Upon arrival, RMC's certified experts will perform a thorough inspection of damaged property and determine the best solution associated with the situation. The team is trained and licensed to use the most up-to-date techniques and equipment to ensure a safe and cost-effective project.

Environmental Services:

- Asbestos Abatement
- Lead Abatement
- Debris Removal
- Controlled Demolition
- Containment
- Trauma Scene Clean-up

Reducing Secondary Damage

RMC's Environmental Services Team is focused on coordinating testing, inspections, and clean up for asbestos, lead, trauma scenes, and other contamination of commercial and residential properties. It is imperative for property owners to handle these situations immediately; and to use experts that adhere to federal, state, and local regulations.
